When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

H. A. MANNING COMPANY
33 Lyman Street **Springfield, Mass.**

This Publication Is The Product of a Member of

Thus assuring you the ultimate service that skill and care can produce in the way of City Directories or other reference media, and providing protection against fraudulent advertising schemes which operate under the name of Directories.

The following "Standards of Practice," adopted at the inception of the Association of North American Directory Publishers in 1898, and strictly adhered to over the years, is your guarantee of satisfactory Directory Service.

The publisher of a Directory should dedicate his best efforts to the cause of business uplift and social service, and to this end pledges himself:

1. To consider, first, the interest of the user of the book.

2. To subscribe to and work for truth, honesty and accuracy in all departments.

3. To avoid confusing duplication of listings, endeavoring to classify every concern under the one heading that best describes it, and to treat additional listings as advertising, to be charged for at regular rates.

4. To increase public knowledge of what Directories contain; to study public needs and make Directories to supply them; to revise and standardize methods and classifications, so that what is wanted may be most easily found, and the Directory be made to serve its fullest use as a business and social reference book and director of buyer and seller.

5. To decline any advertisement which has a tendency to mislead or which does not conform to business integrity.

6. To solicit subscriptions and advertising solely upon the merits of the publications.

7. To avoid misrepresentation by statement or inference regarding circulation, placing the test of reference publicity upon its accessibility to seekers, rather than on the number of copies sold.

8. To co-operate with approved organizations and individuals engaged in creative advertising work.

9. To avoid unfair competition.

10. To determine what is the highest and largest function of Directories in public service, and then to strive in every legitimate way to promote that function.

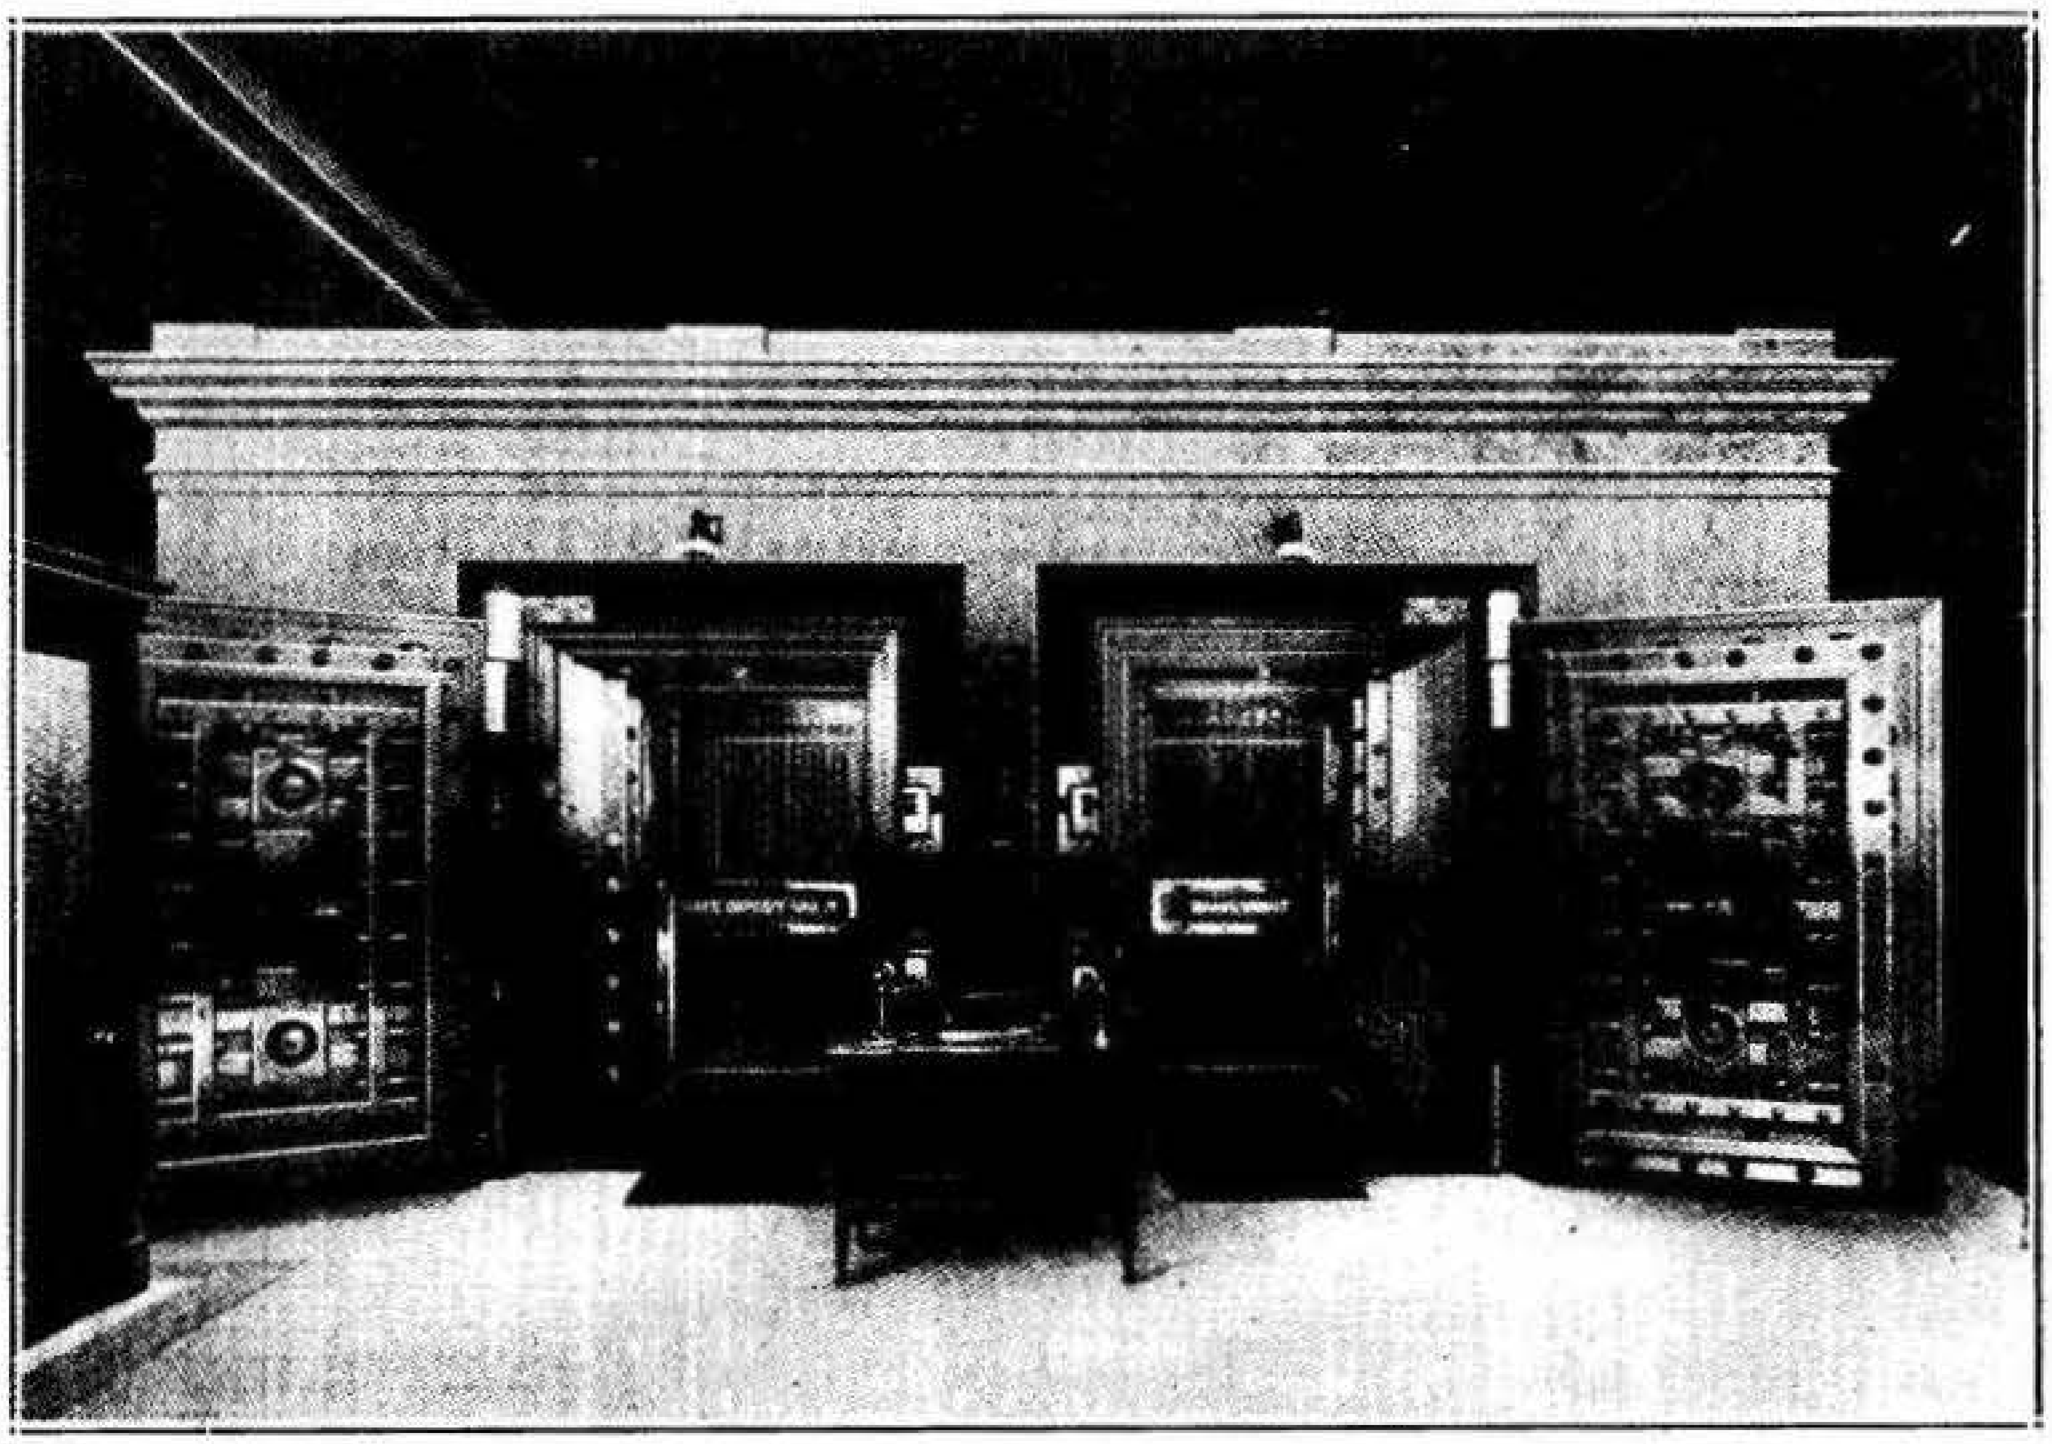
The One Safe Place



No matter how long your valuables have remained safely in your office or home, a moment's carelessness, a thief, or a fire, may deprive you of them forever. Locked in a Safe Deposit Box, they are protected from every danger while at the same time they are where you can obtain them at a moment's notice.

In our Safe Deposit Vaults, the protection of science is combined with hard cold steel.

A convenient "Household Inventory" booklet mailed free on request.

YOU DO YOUR FRIEND OR HEIR NO FAVOR WHEN YOU BURDEN THEM WITH THE TRYING DUTIES OF SETTLING YOUR ESTATE

In a time when specialists are sought in every line of work you should consider carefully the appointment of an executor for your estate.

It costs no more and oftentimes less to have an experienced executor settle an estate than it does to rely upon some one who is unqualified for the responsibility and who gains his first experience in settling an estate at the expense of the beneficiaries.

By appointing this Company you will be assured of experienced permanent and efficient service in carrying out your wishes.

Write for booklet "Ten Unusual Stories from Real Life."

The Best Advertising Medium is the City Directory

Because it is Used the Most to Find Just Such information You Most Wish to Have the Public Know

FIRST—What line of goods you handle. SECOND—Where you are located. Pick up a City Directory anywhere, and almost invariably you can tell who the progressive, up-to-date merchants and professional men are. There are many brands of clothing, shoes, dry goods, groceries, etc., and some prefer one kind, some another. What better place to state your special brands than in the City Directory?

Albert Steiger Company
A Store of Specialty Shops

Who sells it?

The Classified Business headings in the City Directory will tell you. The City Directory is the most complete local Buyers Guide available to residents of any city.

The A-B-C of INSURANCE

Against Business Loss Means That You Must be Listed In the Great and Only Real Buyers Guide—The City Directory—The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

It can, therefore, plainly be seen that it is expected that the "live" businesses can and will set forth in the City Directory the details of their business, for in no other place can these details be set forth at a mimimum of expense and this information be distributed FREE OF EXPENSE to the Advertiser. The service is established and each business house can get on and ride at so low a price and on the same principle as the trolley car carries its passengers at a surprisingly low fare because of an established service.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A B C's.

The A-B-C of Insurance

Against Business Loss Means That You Must be Listed In the Great and Only Real Buyers Guide—The City Directory—The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

Facts About Directory Advertising

It is the Only Advertising that is not "hit or miss" from the fact that it can always be found when wanted.

It is the Only Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away

It is the Only Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It is the Only Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It is the Only Advertising medium where you would look and expect to find what you want when you want it.

It is the Only Advertising medium that represents every business house in the city, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

***There is no Advertising to Compare with It—

Facts About Directory Advertising

It is the Only Advertising that is not 'hit or miss' from the fact that it can always be found when wanted.

It is the Only Advertising medium that has no competition and is used by practically the whole community and is not used for kindling purposes a short time after issued—nor is it read once and thrown away.

It is the Only Advertising which is on the job 365 days in a year and, in many establishments, 24 hours a day.

It is the Only Advertising medium where you can advertise your goods with absolute certainty that the public can find this information when desired.

It is the Only Advertising medium where you would look and expect to find what you want when you want it.

It is the Only Advertising medium that represents every business house in the city, and to omit your sign therefrom is like neglecting to place your sign in front of your place of business.

When You Place Your Ad in the City Directory

You are not only talking to all persons looking for goods in your line, but you are backing up all the other advertising you are doing or have done. Many times every day people are looking you up in the directory who have seen your advertisement elsewhere. The representation in the directory is your closing argument—should it be WEAK? We believe there is only one business answer to this.

The A-B-C of Insurance

Against Business Loss Means That You Must be Listed In the Great and Only Real Buyers Guide—The City Directory—The Publication that lists Them All.

If You are not Properly listed you are missing the opportunity that is presented to every business concern to become a stockholder in this great enterprise on a co-operative basis. The dividends are the service and low prices. It is the greatest illustration of the socialistic principle of doing business that there is in our modern society. The City Directory is the book of the people and places every individual in the city on the same basis. This gives the small business the same opportunity as the large business—a truly democratic principle and a rare one today.

Give this matter your careful attention and be listed in the Great Information Bureau of the City where it can be instantly located. It is a card index system of the city with four different ways of indexing and nothing with a name and address exists that cannot be readily found by any person who knows their A-B-C's.

Wilbraham Academy

Founded 1817 - Chartered 1824

Re-organized 1912

One of New England's best known schools for boys.
A century of distinctive history and service.
Hundreds of distinguished alumni.

RICH HALL—THE DORMITORY HOME

Prepares boys for the demand of college and the duties of life.

Emphasizes the cultural and character standards that have ever prevailed in New England.

Selects students from all parts of our own and other lands and ministers to the making of all-round manhood.
